

UNCOVERING SLEAFORD CASTLE

Don't miss your last chance to explore the rich history of Sleaford Castle through the ages at the **'Uncovering Sleaford Castle'** Exhibition, featuring a virtual recreation of the Castle and fascinating discoveries from recent archaeological investigations.

From March 7th, the exhibition will be superbly enhanced by the addition of a new accurate scale model of Sleaford Castle set in the middle of the 12th century – this model is the closest we have come to how the Castle may have looked at that time, based on the results of our recent archaeological investigations.

Also, a new book, **'Uncovering Sleaford Castle'**, authored by members of the Sleaford Castle Heritage Group, will be available to purchase (£4). The book recounts the broader history of the 400 years in which Sleaford Castle was habitable, relating it to the life and times of the castle and its witness to history.

Navigation House is open Fri, Sat, Sun, Mon, 10am till 2pm
This exhibition will close on 31st March 2025.
